

## **CALL FOR RESEARCH PAPERS / ARTICLES**

**Respected Sir/Madam,**

It is my pleasure to share with all of you that I am planning to bring out an Edited Book (with ISBN) on different issues and challenges of Indian Education System. So, I request you to contribute research papers/articles of your area relating to the main theme and sub-themes.

Title of the Book: **INDIAN EDUCATION: ISSUES AND CHALLENGES**

About the Theme: Education is considered as one of the major factors of development. The rate of development of a society depends upon the standard of education of that society. So, it is very much important to maintain the standard of education. Education is a dynamic process. From time to time different issues and challenges are observed in the field of education. At present the prime issue related to education is the NEP 2020. In the same way the major challenge before education of today is Covid-19 Pandemic. Like these in the recent times some other issues were also become popular in the field of education. Gender issues, MDGs and Education, Universalisation, Vocationalisation, Privatization and Globalisation of Education, Right to Education Act, SSA, Adult Education etc. are more prominent in this regard. Here, the editor has tried to include and disseminate some valuable views, comments and opinions of different authors regarding some major issues and challenges of Indian Education.
