

Opening of Post-Graduate courses

During the 2nd cycle of accreditation the NAAC Peer team had suggested to open PG courses in the College as only UG courses were run by the College at that time. As post-accreditation measure, the College opened PG Courses in History and Education Departments after having got clearance from Gauhati University. Both the Departments accommodated 20 students each fulfilling the dreams of rural students to pursue higher education. As far as the admission of PG Courses is concerned, it was conducted on the basis of merit list and the roster system was properly followed. More faculty members were appointed to conduct the courses successfully.
